November 13, 2014

Greetings to all,

I want to thank you all for your attendance at the training sessions. We hope that you got a lot out of the training and that the information will be helpful to you as you work with your school or mentor other schools. I have attached a copy of the presentation for you to reference and to add to your toolkit. We are updating the Environmental Literacy slides and will resend that as a separate power point in early December. If you have any questions about any section of the workshop, please call or email, we are happy to help.

If you could please fill out our evaluation it will provide feedback on your experience with the Green Leader training. The link is available [here](#).

If you are not already receiving our bi-monthly newsletters for updates on what is going with the Green Schools Program you can do so on [here](#). To get more frequent updates about MAEOE, we encourage you to visit the MAEOE Facebook [page](#) and MAEOE Twitter [page](#). We regularly post information which you can use or share with colleagues. You can also check out our blog site [here](#).

We want to remind you about the MAEOE conference scheduled for February 5-8, 2015 at the Princess Royale in Ocean City, Maryland. This will be a great professional development and networking opportunity. Please share this [conference link](#) with colleagues that are interested in growing sustainable Maryland Green Schools. We hope to see you all there for the enjoyable experience!

Thank you for participating in our workshop!

Anita Ilonze

Volunteer Maryland Coordinator
